## AUTHOR/EDITOR

**Almoosa KF**
The hepatopulmonary syndrome, 6:23–30 (CRA)
**Alrawi S**
Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)
**Anderson AC**
Conscious sedation: a primer for outpatient procedures, 5:22–32 (CRA)
**Anderson CA**
New medications for epilepsy, 11:55–61 (CRA)
**Aronson SC**
Depression: a treatment algorithm for the family physician, 7:21–38, 44 (CRA)
**Ashwell R**
A little louder, please, 2:18 (CB)
**Ayres VE**
Depression: a treatment algorithm for the family physician, 7:21–38, 44 (CRA)
**Babikian GM**
Orthopaedic trauma: review questions, 7:51–52 (SAQ)
**Barach P**
Pulsus paradoxus, 1:49–50 (RS)
**Barrett LO**
Cardiac tamponade caused by drug interaction: a delayed complication of apical pacemaker placement, 2:63–64 (CR)
**Battistini M**
Herbal treatments for symptoms of menopause, 11:35–44 (CM)
**Becker MW**
Adult hip and knee reconstruction: review questions, 2:39–40 (SAQ)
**Behrens RJ**
Sickle cell disorders: evaluation, treatment, and natural history, 9:17–28 (CRA)
**Bhatti MA**
DermaDilemma, 5:57–59 (CPE)
**Blazes C**
Conscious sedation: a primer for outpatient procedures, 5:22–32 (CRA)
**Breitkopf DM**
A review of genital chlamydial infections, 2:27–34 (CRA)
**Brown SM**
Blueberry ice, 9:36 (CB)
**Bryant SG**
The depressed physician: a different kind of impairment, 2:67–73, 86 (CRA)
**Burkholder JF**
Osteoarthritis: review questions, 6:35–36 (SAQ)
**Cardasis JP**
Christmas in Appalachia, 1:22 (CB)
**Carroll M**
Murphy's sign of cholecystitis, 11:51–52, 70 (RS)
**Catallozzi M**
A neonate with persistent vomiting and lethargy, 10:32–37, 63 (PR)
**Cejka S**
Physician compensation in 1998: both specialists and primary care physicians emerge as winners, 1:61–68 (SR)
**Cejtin HE**
A guide to the diagnosis and treatment of vaginitis and cervicitis, 10:53–63 (CRA)
**Chandrasekar PH**
Management of fever in neutropenic cancer patients: review questions, 2:37–38 (SAQ)
**Chittivelu S**
Lidocaine unlikely to cause methemoglobinemia, 4:17 (LE)
**Chittivelu S**
Lidocaine-induced myocardial injury, 2:17 (LE)
**Cirigliano MD**
Herbal treatments for symptoms of menopause, 11:35–44 (CM)
**Cole BJ**
Management of a 37-year-old man with recurrent knee pain, 6:42–65 (OP)
**Cook-Sather SD**
Demystifying direct laryngoscopy and intubation, 5:47–56, 59 (CRA)
**Coughlin RR**
Overseas volunteering: the antidote to managed care, 6:67–70 (CP)
**Cuffy-Hallam ME**
"Painless thyroiditis": the rare phenomenon of lithium-associated thyrotoxicosis, 9:48–50 (CR)
**Cymet TC**
Sickle cell disorders: evaluation, treatment, and natural history, 9:17–28 (CRA)
**Emans SJ**
Current goals for adolescent health care, 1:27–42 (CRA)
**Estrin JT**
Genetic susceptibility testing for breast cancer: implications for practitioners, 10:38–48 (OP)
**Fayez JA**
Evaluation and management of amenorrhea: review questions, 5:39–40 (SAQ)
**Fedorowski JJ**
Applications of stress testing in diagnosing ischemic heart disease, 12:25–30 (CRA)
Medical percussion, 9:31–36 (RS)
**Fiel SB**
Decisions in the management of adults with cystic fibrosis, 12:31–47 (OP)
**Fietti VG Jr**
Closed rupture of the flexor digitorum profundus tendon of the left little finger, 7:55–57 (CR)
**Fleetwood J**
Genetic susceptibility testing for breast cancer: implications for practitioners, 10:38–48 (OP)
**Folsom G**
Lidocaine unlikely to cause methemoglobinemia, 4:17 (LE)
**Forman SF**
Current goals for adolescent health care, 1:27–42 (CRA)
**Frank JB**
Evaluation and treatment of anxious patients: review questions, 4:39–40 (SAQ)
**Frederick RW**
Management of a 37-year-old man with recurrent knee pain, 6:42–65 (OP)
**Freyle J**
Urolithiasis: review questions, 11:49–50 (SAQ)
**Fuller SR**
Information security and confidentiality: coming to a healthcare organization near you, 11:21–26 (GC)
**Giardino AP**
A neonate with persistent vomiting and lethargy, 10:32–37, 63 (PR)
**Godino J**
Not just your typical GI bleeder, 6:66 (CB)
**Gollberg HR**
When not to trust a patient, 1:68 (CB)
**Gopal LN**
Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)
**Gregoire JR**
Amebic liver abscess complicated by bilateral adrenal hemorrhage and adrenal insufficiency, 12:73–76 (CR)
**Grossman J**
Cocky intern in an argyle sweater, 8:27 (CB)
**Gupta M**
Endomyocardial fibrosis in an HIV-infected patient, 4:47–50 (CR)
**Gupta P**
Endomyocardial fibrosis in an HIV-infected patient, 4:47–50 (CR)
**Hakim J**
Help from an untapped resource, 2:43 (CB)
**Hales D**
The cost of electronic stethoscopes, 2:17 (LE)

**Hartmann KE**
Clear and concise interventions for smoking cessation, 8:19–27 (PP)
**Hassell K**
Anticoagulation in heparin-induced thrombocytopenia: an ongoing challenge, 3:56–61 (CRA)
**Hawkins J**
Physician employment in 2000 and beyond, 2:74–86 (CP)
**Hirawat S**
A lesson learned, 2:34 (CB)
**Horling S**
The girl with a tiger tattoo, 9:55 (CB)
**Hussain KMA**
Lidocaine unlikely to cause methemoglobinemia, 4:17 (LE)
Lidocaine-induced myocardial injury, 2:17 (LE)
**Jadoon E**
Cardiac tamponade caused by drug interaction: a delayed complication of apical pacemaker placement, 2:63–64 (CR)
**Java A**
HIV-associated Kaposi's sarcoma, 4:22–32 (CRA)
**Jones MP**
Evaluation of noncardiac chest pain: toward a positive diagnosis, 4:54–69 (OP)
**Jorden VSB**
Testing for HIV drug resistance, 10:22–28 (SA)
**Katz NP**
Cancer pain management: review questions, 8:53–54 (SAQ)
**Kelly NA**
Deciding to become an overseas volunteer, 6:72–78 (CP)
**Kent PD**
Amebic liver abscess complicated by bilateral adrenal hemorrhage and adrenal insufficiency, 12:73–76 (CR)
**Khaldarov V**
Benzodiazepines for treatment of neuroleptic malignant syndrome, 9:51–55 (CR)
**Khan FN**
Seborrheic keratosis, 1:14 (LE)
**Kind T**
Code blue sclera: a girl with osteogenesis imperfecta, 3:46 (CB)
**Kleinhenz ME**
Decisions in the management of adults with cystic fibrosis, 12:31–47 (OP)
**Knott P**
Physician assistants: partners in the practice of medicine, 3:67–73 (CP)
**Korenblat PE**
The role of cysteinyl leukotriene receptor antagonists in asthma therapy, 12:50–66 (CRA)
**Kumar R**
Endomyocardial fibrosis in an HIV-infected patient, 4:47–50 (CR)
**LaBarbera D**
Physician assistants: partners in the practice of medicine, 3:67–73 (CP)
**Lazarevic M**
Seborrheic keratosis, 1:14 (LE)
**Levine RE**
Posttraumatic stress disorder: Review questions, 12:71–72 (SAQ)
The depressed physician: a different kind of impairment, 2:67–73, 86 (CRA)
**Levitan RM**
Demystifying direct laryngoscopy and intubation, 5:47–56, 59 (CRA)
**Levy AS**
Management of a 37-year-old man with recurrent knee pain, 6:42–65 (OP)
**Levy DB**
Acute abdominal pain: review questions, 6:33–34 (SAQ)
Neck trauma: review questions, 1:43–44 (SAQ)
**Liang BA**
Community-acquired pneumonia: current principles of evaluation and therapy, 2:44–60 (OP)
Decisions in the management of adults with cystic fibrosis, 12:31–47 (OP)
Evaluation and management issues in migraine, 8:28–52, 68 (OP)
Evaluation of noncardiac chest pain: toward a positive diagnosis, 4:54–69 (OP)
Genetic susceptibility testing for breast cancer: implications for practitioners, 10:38–48 (OP)
Management of a 37-year-old man with recurrent knee pain, 6:42–65 (OP)
**Liang BC**
Neurologic complications of orthotopic liver transplantation, 4:43–46 (CRA)
Neurosarcoidosis: review questions, 10:51–52 (SAQ)
Parkinson's disease: review questions, 3:53–54 (SAQ)
**Lighter DE**
The path to management: physician executives in health care, 5:64–68 (CP)
**Lipsky M**
Genetic susceptibility testing for breast cancer: implications for practitioners, 10:38–48 (OP)
**Loder E**
Evaluation and management issues in migraine, 8:28–52, 68 (OP)
**Lynch M**
Cancer pain management: review questions, 8:53–54 (SAQ)
**Marik PE**
Sepsis: review questions, 7:53–54 (SAQ)
**Marinella MA**
Numb chin syndrome: a subtle clue to possible serious illness, 1:54–56 (CRA)
Patient with giant cell arteritis who presents with fever of unknown origin, 4:51–53, 69 (CR)
**Mason ED**
A guide to the diagnosis and treatment of vaginitis and cervicitis, 10:53–63 (CRA)
**McCann ML**
Laparoscopic repair of cholecystenteric fistula in a 45-year-old nonambulatory woman, 3:64–66 (CR)
**McClelland PA**
"Painless thyroiditis": the rare phenomenon of lithium-associated thyrotoxicosis, 9:48–50 (CR)
**McGrory BJ**
Adult hip and knee reconstruction: review questions, 2:39–40 (SAQ)
**Mehta SS**
Gastrointestinal surgery: review questions, 8:55–56 (SAQ)
**Miller DW**
Information security and confidentiality: coming to a healthcare organization near you, 11:21–26 (GC)
**Mirkin DP**
Getting paid in the managed care workplace: the basics of physician compensation, 1:69–79 (CP)
**Mokhashi MS**
A case for using generic drug names, 2:18 (LE)
**Nachimuthu S**
Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)
**Nagy-Agren S**
Influenza infection: review questions, 9:43–44 (SAQ)
**Natesan V**
Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)
**Neal JM**
Lidocaine unlikely to cause methemoglobinemia, 4:17 (LE)
**Nishihara R**
The dilemmas of a scaphoid fracture: a difficult diagnosis for primary care physicians, 3:24–40 (CRA)
**Ochroch EA**
Demystifying direct laryngoscopy and intubation, 5:47–56, 59 (CRA)
**O'Dell SF**
Laparoscopic repair of cholecystenteric fistula in a 45-year-old nonambulatory woman, 3:64–66 (CR)
**Ohldin A**
A case of inflammatory arthritis and methotrexate use in a patient with myelodysplasia, 8:63–67 (CR)
**Onuigbo MAC**
"Painless thyroiditis": the rare phenomenon of lithium-associated thyrotoxicosis, 9:48–50 (CR)
**Paul SM**
Testing for HIV drug resistance, 10:22–28 (SA)
**Pearlman C**
Treatment of catatonia with electroconvulsive therapy in a 63-year-old woman, 8:57–62 (CR)
**Perlin JB**
The cost of electronic stethoscopes, 2:17 (LE)

**Piacentini KK**
Getting paid in the managed care workplace: the basics of physician compensation, 1:69–79 (CP)
**Pollock JE**
Lidocaine unlikely to cause methemoglobinemia, 4:17 (LE)
**Pottmeyer EW**
Off-pump coronary artery bypass surgery, 11:64–69 (CRA)
**Pyenson B**
Getting paid in the managed care workplace: the basics of physician compensation, 1:69–79 (CP)
**Raju SK**
Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)
**Redden S**
Applications of stress testing in diagnosing ischemic heart disease, 12:25–30 (CRA)
**Rezai F**
Endomyocardial fibrosis in an HIV-infected patient, 4:47–50 (CR)
**Roberts PF**
Osteoporosis: review questions, 9:45–46 (SAQ)
Otitis media: review questions, 3:51–52 (SAQ)
**Rothman JM**
Colorectal cancer: natural history and management, 10:64–73 (CRA)
**Sack J**
Colorectal cancer: natural history and management, 10:64–73 (CRA)
**Savanin DW**
Treatment of catatonia with electroconvulsive therapy in a 63-year-old woman, 8:57–62 (CR)
**Schmitt SK**
Community-acquired pneumonia: current principles of evaluation and therapy, 2:44–60 (OP)
**Seenivasan R**
Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)
**Seville MTA**
DermaDilemma, 5:57–59 (CPE)
**Shah S**
Murder over a bicycle, 6:71 (CB)
**Shapiro AJ**
The "fractured Foley": an unusual complication of short-term urethral catheterization, 6:39–40 (CR)
**Silich RJ**
Gastrointestinal surgery: review questions, 8:55–56 (SAQ)
Sentinel lymph node biopsy: review questions, 1:45–46 (SAQ)
**Simman R**
Closed rupture of the flexor digitorum profundus tendon of the left little finger, 7:55–57 (CR)
**Slim J**
Adherence and response to protease inhibitor therapy, 2:24 (AU)
Adherence to antiretroviral medications, 2:24 (AU)
Adverse reactions in HIV patients treated with protease inhibitors, 7:20 (IDU)
AIDS across Europe: the EuroSIDA study, 9:15 (IDU)
Asymptomatic bacterium in young women, 12:16 (IDU)
Cervical shedding of herpes simplex virus in HIV-infected women, 3:19 (AU)
Chorioamnionitis as a risk factor for cerebral palsy, 12:16 (IDU)
Cigarette smoking and invasive pneumonococcal disease, 5:20 (IDU)
Diabetes mellitus among persons with hepatitis C virus infection, 12:16 (IDU)
Early therapy with hydroxyurea, didanosine, and a protease inhibitor, 1:19 (AU)
Effect of treatment for *Helicobacter pylori* on dyspepsia and quality of life, 7:20 (IDU)
Effects of itraconazole on allergic bronchopulmonary aspergillosis, 5:20 (IDU)
Efficacy and safety of oseltamivir in treatment of acute influenza, 8:15 (IDU)
Emergence of human granulocytic ehrlichiosis, 7:20 (IDU)
Follow-up of hepatitis virus infection, 4:18 (IDU)
Genotypic and phenotypic resistance to antiretroviral drugs in therapy-naïve patients, 8:15 (IDU)
*Helicobacter pylori* infection and gastric cancer: the Hisayama study, 9:15 (IDU)
Hepatitis C virus infection, viral clearance, and end-stage liver disease, 10:20 (IDU)
Hepatotoxicity associated with antiretroviral therapy and hepatitis virus infection, 3:19 (AU)
Influenza vaccination of health care workers and effects on mortality in elderly long-term care patients, 4:18 (IDU)
Invasive and noninvasive management strategies for suspected ventilator-associated pneumonia, 6:20 (IDU)
Long-term use of acyclovir or similar agents in protecting against AIDS-related lymphoma, 8:15 (IDU)
Mechanisms of virologic failure in HIV-infected patients, 3:19 (AU)
Mother-to-child transmission of hepatitis C virus, 11:16 (IDU)
*Mycobacterium tuberculosis* infection in travelers, 10:20 (IDU)
New *Vibrio parahaemolyticus* strain in raw oysters, 11:16 (IDU)
Outcomes in patients previously treated for Lyme disease, 4:18 (IDU)
Pneumonia in HIV-positive and HIV-negative immunocompromised patients, 2:24 (AU)
Predicting *Mycobacterium tuberculosis* in inpatients, 11:16 (IDU)
Predictors of virologic response in HIV-positive patients, 6:20 (IDU)
Prevalence of lower genital tract infections, 1:19 (AU)
Rapid detection of group B streptococci in pregnant women at delivery, 9:15 (IDU)
Time from HIV-1 seroconversion to AIDS and death, 6:20 (IDU)
Treatment of candiduria with fluconazole, 5:20 (IDU)
Trimethoprim-sulfamethoxazole resistance, 1:19 (AU)
Zinc and the common cold, 10:20 (IDU)
**Smith KJ**
Adult Chickenpox: review questions, 10:49–50 (SAQ)
Antiviral treatment of herpes zoster: review questions, 4:35–36 (SAQ)
**Snyder LJ**
Painful goodbyes, 7:60 (CB)
**Soderdahl DW**
The "fractured Foley": an unusual complication of short-term urethral catheterization, 6:39–40 (CR)
**Sohnle PG**
DermaDilemma, 5:57–59 (CPE)
**Sosnowski KM**
Influenza infection: review questions, 9:43–44 (SAQ)
**Spitalnic S**
Conscious sedation: a primer for outpatient procedures, 5:22–32 (CRA)
**Spitz MC**
New medications for epilepsy, 11:55–61 (CRA)
**Stack RS**
The "fractured Foley": an unusual complication of short-term urethral catheterization, 6:39–40 (CR)
**Stillman PC**
Off-pump coronary artery bypass surgery, 11:64–69 (CRA)
**Swaim M**
Not pulseless after all, 4:32 (CB)
**Thomas S**
HIV-associated Kaposi's sarcoma, 4:22–32 (CRA)
**Tenore JL**
Genetic susceptibility testing for breast cancer: implications for practitioners, 10:38–48 (OP)
**Tietjen GE**
Evaluation and management issues in migraine, 8:28–52, 68 (OP)
**Urbano FL**
Medical percussion, 9:31–36 (RS)
Murphy's sign of cholecystitis, 11:51–52, 70 (RS)
Peripheral signs of endocarditis, 5:41–46 (RS)
Signs of hypocalcemia: Chvostek's and Trousseau's signs, 3:43–45 (RS)
Tinel's sign and Phalen's maneuver: physical signs of carpal tunnel syndrome, 7:39–44 (RS)
**Vafadouste R**
Cardiac tamponade caused by drug interaction: a delayed complication of apical pacemaker placement, 2:63–64 (CR)

**Varon J**
Sepsis: review questions, 7:53–54 (SAQ)
**Vasisht B**
Gastrointestinal surgery: review questions, 8:55–56 (SAQ)
Sentinel lymph node biopsy: review questions, 1:45–46 (SAQ)
**Venketesan T**
Evaluation of noncardiac chest pain: toward a positive diagnosis, 4:54–69 (OP)
**Weinstock D**
From the corner of the room: a first code, 5:62 (CB)
**Weil VP**
Herbal treatments for symptoms of menopause, 11:35–44 (CM)
**Wiley KJ**
"Painless thyroiditis": the rare phenomenon of lithium-associated thyrotoxicosis, 9:48–50 (CR)
**Wright RA**
Protein-losing enteropathy: review questions, 11:47–48 (SAQ)
**Wulsin LR**
Evaluation of noncardiac chest pain: toward a positive diagnosis, 4:54–69 (OP)
**Zaks JM**
Angina pectoris: Review questions, 12:69–70 (SAQ)
Congenital heart disease in adults: review questions, 5:35–36 (SAQ)
**Zaslau S**
Urolithiasis: review questions, 11:49–50 (SAQ)
**Zaslav KR**
Management of a 37-year-old man with recurrent knee pain, 6:42–65 (OP)
